Blish-Mize DELIVERING MORE

Rundoo works with Blish-Mize

> The AI-first platform for independent hardware, lumber, and building materials stores, wired straight into Ace Hardware's independent distributor.

WHY BLISH-MIZE CUSTOMERS LOVE RUNDOO

1. **Load the Blish-Mize catalog.** Blish-Mize's full product catalog loads directly into Rundoo, including UPCs, descriptions, costs, retail pricing, and warehouse availability from the Atchison distribution center.
2. **Order over EDI, with your pricing.** Place purchase orders from Rundoo straight to Blish-Mize over a secure EDI connection with your store's pricing on the order.
3. **Receive against the shipment.** When Blish-Mize ships an order, the shipment notification loads automatically into Rundoo with line items, quantities, and costs ready to receive.
4. **Keep costs and prices current.** Blish-Mize price changes flow into Rundoo automatically, keeping your member costs and retail prices accurate without anyone opening a spreadsheet or wondering whether last week's update actually got applied.
5. **Dooey, the AI built into every screen.** Ask which charge accounts have gone past due, where you lost margin last month, or what to leave off the next purchase order, and Dooey answers from your own live data.
