Rundoo | EMERY•JENSEN

Rundoo works with Emery Jensen

> The AI-first platform for independent hardware, lumber, and home improvement stores, connected straight to Ace's independent distribution powerhouse.

WHY EMERY JENSEN CUSTOMERS LOVE RUNDOO

1. **Import the Emery Jensen catalog.** Emery Jensen's product catalog loads directly into Rundoo from EJD's ElecCom system, including UPCs and item details, so adding an EJD product to your store is a quick search instead of a data-entry project.
2. **Send purchase orders over EDI.** Place purchase orders from Rundoo straight to Emery Jensen over a secure EDI connection with your store's pricing on every line.
3. **Receive shipments.** When Emery Jensen ships an order, receive it against your purchase order in Rundoo in a couple of clicks, confirm what actually showed up, and get back to your customers at the counter.
4. **Get cost and price updates automatically.** Emery Jensen price updates flow into Rundoo on their own, keeping your costs accurate without anyone editing a spreadsheet or discovering a cost change three weeks after it happened.
5. **Dooey, the AI built into every screen.** Ask which charge accounts have gone past due, where you lost margin last month, or what to leave off the next purchase order, and Dooey answers from your own live data.
