# Rundoo works with House-Hasson Hardware

> The AI-first platform for independent hardware stores, wired straight into America's largest independent regional wholesale hardware distributor.

## WHY HOUSE-HASSON HARDWARE CUSTOMERS LOVE RUNDOO

1. **Import the House-Hasson catalog.** Your House-Hasson catalog loads directly into Rundoo, including UPCs, descriptions, costs, and suggested retail pricing, and Rundoo checks for updates every 15 minutes.
2. **Send purchase orders over EDI.** Place purchase orders from Rundoo straight to House-Hasson over an EDI connection, and Rundoo generates the purchase order file and transmits it the moment you submit.
3. **Receive shipments.** When House-Hasson ships an order, the shipment notification loads automatically into Rundoo with line items, quantities, and costs ready to receive.
4. **Get cost and price updates automatically.** House-Hasson cost and suggested retail updates arrive in Rundoo automatically.
5. **Dooey, the AI built into every screen.** Ask which charge accounts have gone past due, where you lost margin last month, or what to leave off the next purchase order, and Dooey answers from your own live data.
