WHAT RUNDOD DOES FOR PAINT

- 1 Tinting, built into the sale.** COLORx 6 and 7 send the product, base, color, formula, and quantity straight into the ticket. Every formula is saved, so a customer can come back months later and get an exact re-dispense.
- 2 A Benjamin Moore preferred system.** Send purchase orders straight to Benjamin Moore and keep catalog updates and receiving on the same system, with co-marketing support from the brand your contractors already trust.
- 3 Built for how contractors buy.** Terms, price tiers, and job-level pricing per account, with the PO, job, and buyer on every sale. Stores on Rundoo have cut the time they spend chasing receivables by **25%**.
- 4 Dooley, your AI assistant.** Ask which contractor accounts have gone quiet, get a daily text on what matters, or have Dooley draft your Benjamin Moore order before the cutoff.

WHAT PAINT STORE OWNERS SAY

"Tony and I have been using Rundoo extensively for our weekly sales meetings, and the AI-generated reports have become one of the most valuable tools in helping us manage the business."

[Jay Donnelly, Flanagan Paint & Supply, MO](#)

"Sometimes I like to surprise people. I'll know what product they got last time, look it up, and say 'Hey Jerry' before they tell me their name. People think that you remember them."

[Taylor Mattingly, Bardstown Paint and Design Center, KY](#)

"Before we had Rundoo, we were just on a handwritten ticket system and this is a difference. Our productivity and efficiency has gone through the roof."

[Reed, The Paint Store, TN](#)
